both of Middleboro High School. Denise Pineau, a student at the Boston Conservatory of Music, won the award for the most talented of the non-finalists with a vocal selection as her talent presentation.

A special appearance by Miss Massachusetts, who is second runner-up to Miss America, was a treat for the audience. Miss Deborah O'Brien sang several selections displaying the voice and poise that placed so well in Atlantic City.

Donna Desjardins Fihlman, a former Miss Wareham, was mistress of ceremonies and did a masterful job in a demanding spot.

Cindy Caradimos, Miss Wareham 1971, in her farewell speech called out Miss Rita Blair, the director of the pageant, for special thanks and presented her with a bouquet of red roses. Miss Blair manages the titleholder throughout her year of reign.

Other contestants were Laura Avola, Nell McNeil and Susan Principato.

Mosquito Control

The first phase of the mosquito control
program was carried out on Thursday, May
18. Flit MLO was applied to the large
swamp areas in Mattapoisett by Bay Colony
Copters of Plymouth. Periodically as need-
ed, Flit MLO will be applied with a back
spray to the smaller areas of stagnant water
and to the catch basins by David Baker,
our mosquito control inspector.

The success of our mosquito control pro-
gram now hinges on the support and co-
operation of all Mattapoisett residents.
It is important that we all examine our
property and help eliminate any possible
breeding spots. Mosquitoes will breed
in any standing water, such as children's
swimming pools, tires, boats, bird baths
that aren't changed frequently, blocked
gutters, low land or holes that contain
water, etc. We can all periodically check
these spots, especially after a heavy rain.
Most of these breeding areas can be con-
trolled or eliminated.

However, if anyone has a particular
trouble spot that he has taken measures
to eliminate and for some reason has been

The Plymouth-Home rate reducing plan.

Our New Automatic Transfer System Can
Reduce the Rate of Your Automobile Loan.

With the cost of cars—and living
—going up, it's about time a bank
reduced the cost of living it up!

One of the best features of our
new Cash Control Account is an
automatic transfer system that can
pay your car loan every month
right from your checking account. No fuss, waste of
time, or even the expense of a stamp. (And stamps
keep going up, too!) It also saves us time and money
in the processing of your payments. That money we
save is returned to you in the form of reduced rates.
So turn your checking account into a Cash Control
Account by having your loan payments made
automatically.

Come into any of the Plymouth-Home offices
throughout Plymouth County and ask how our "Rate
Reducing Plan" can save you money on that new car
or any installment loan. It'll be well worth the visit...
and that's something you can count on.

Theft

Editorial, D.C.J.

One of the facts of contemporary life is a perversion of the meaning of public property. Something erected for the public to enjoy used to be respected as an object to be admired and appreciated. Today, it had better weigh several tons and be made entirely of structural steel or else it will be stolen or defaced at the earliest opportunity. The whale at the top of the new Mattapoisett bandstand never lost its new glitter. Like many another decoration put out on private property, it has been torn down and is either littering a vacant lot or on its way to market. The lost object can be replaced, it's true. A majority respect for public property and individual property is going fast. That is irreplaceable.

Anarchy - Editorial, D.C.J.

To the liberal the solution for assassination is simple: outlaw the gun. This is the same simple solution that solves the drug problem by outlawing heroin. The same liberals, who so glibly suggest this remedy, applaud civil disobedience and draft evasion. If you feel that a law is wrong, in their view, you should disregard it. If you feel a policy is wrong, then you take to the streets in violent protest. It's a small step from the violent assailing of an idea to the extinguishing of the source of the idea. Murder is the logical last step in the course of civil disobedience. Anarchy is being taught at our colleges. College presidents are arrested with students in demonstrations that disrupt the order of the community. This proud breaking of the law has spawned contemporary heroes. The Chicago Seven rocketed to instant fame as stars of their trial. Two human zeroes, such as Lee Harvey Oswald and Sirhan Sirhan, became international celebrities via the murder method. This spotlight of instant celebrity for assassins, together with a tolerance for lawbreaking that has reached ridiculous extremes, makes murder attractive to a certain element of the human race. Wallace was not the victim of an inanimate object — the gun. He was shot down by the animate, vocal and influential teachers of violence and anarchy.

Letter to The Editor

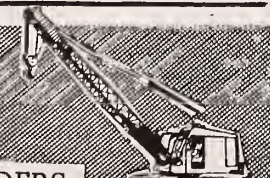

Among a series of new laws enacted by another New England State is a provision to tax the land as to use, so that farmers and conservationists are able to preserve some beauty and not be forced by high taxes to sell out to developers. Another provision prevents the cutting down of something like any more than fifty per cent of trees in two hundred foot wide strips along highways. I think there was some rebate on taxes on land so affected.

How nice it would have been if the woods now along many of our highways and byways could have been preserved instead of facing a gradual dreary march of "progress".

In one town faced with a wholesale development, they fixed up a deal whereby the developer was limited to a certain area,

REGISTRATION TO VOTE

Friday, May 26th, will be a Special Registration Session from 8:30 A.M. to 7 P.M. at the Mattapoisett Town Clerk's office in order to vote at the Special Town Meeting June 1st.

LETTER TO PARENTS AND TAXPAYERS

Last week the Old Rochester School Committee and the Marion School Committee voted once again to accept the "Bent Twig" School Project. I'd like first of all to congratulate those members of the Board who saw fit and had the courage to vote negatively.

It would certainly seem that during a time when the cost of education was so out of proportion and that the education level itself was not at its highest that this certainly was a poor move. Isn't this a poor time to continue a project that has proven itself out this year to be below the national norms and an expense to these students who are not receiving the necessary basics.

A public school system is designated to educate the masses. It would seem that until such time when our local and regional schools are of such caliber to rank amongst the highest that our tax money, no matter how little, and the entire efforts of the administration and the School Committees should aim towards this goal and this goal alone. The minority is considered far too often in this day and age and I object to this money and effort being spent on a selected few.

In actuality, a better name for this school would be the "Broken Branch". It's high time

Mattapoisett Grange

Mattapoisett Grange held its bi-monthly meeting last Thursday night with Mark Breton, master, presiding.

A report was given on the success of the Sunday night supper by the committee. The announcement was made of the coming auction to be held at the Grange Hall on Saturday, June 17th, with William Smith and his committee conducting it.

A report was given by acting chairman Ollie Gifford for the Home and Community Service work she is doing. Lap, light-weight patchwork quilts are being made for the chair patients in the Lakeville Hospital. Material was given to those who will be working on them.

Mrs. Gifford also reported on the Junior Grange work, emphasizing the Fire Prevention program outlined by Mrs. Handford of the State Grange Committee, who was the

guest at the Junior Grange May 12th. Mrs. Gifford also reported on the skating party of the Juniors at Lincoln Park.

Earle Wilson, chairman of the Legislative Committee, spoke on the firearms issue.

It was voted to let the Juniors have the use of the hall in conjunction with their Penny Fair some time in July. It was also

voted that the birthday money of each member, which is put in the birthday bank, will be donated to the Tobey Hospital Building Fund later in the summer. The bank is on the lecturer's station at each meeting and members are reminded of it.

The lecturer's march was won by Albert Alvernaz and the vegetable basket went to Mrs. Marjorie Wilson.

Mr. Alvernaz opened the program with solos and harmonica selections accompanying with his guitar. This was very much enjoyed by the audience. The second half of the program, also enjoyed very much, was by Walter Caswell. He opened the program playing the Battle Hymn of the Republic on the piano with Earle Wilson reciting the words and the audience humming. Trumpet solos were by Mark Harris followed by a solo, "How Great Thou Art" by Mr. Caswell. His program closed with musical rug with Herbert LaFleur getting the prize.

OLD HAMMONDTOWN BAND

On May twenty-ninth of seventy-two old Mattapoisett will be treated to,

The sight and sound of big little band from Old Hammondtown, the best in the land.

To march, to play, to stop and to turn,
all of these things the group had to learn,

Just to give a performance of which they'd be proud amid the cheers of the gathered crowd.

So come one and all and help celebrate,
listen and watch to commemorate,
A rather solemn occasion dear to us all,
as we remember those who answered the call.

Now let us prepare and before very long,
you'll see them and hear them,

Mrs. Walter Lang of Marion read a very interesting article from the National Wild Life Magazine about the Bald Eagle. She also reported for her Conservation Committee that 150 pounds of bird feed, 5 pounds of suet, and 20 pounds of other food had been given to the birds by members during the month.

It was also reported that the DAR Manual For Citizenship (published by the National Society of the DAR in Washington as a public service) had been presented to all the schools and libraries in the surrounding towns. Also two booklets from the United States Department of Justice entitled "United States Immigration Laws" and "Naturalization Requirements and General Information". These manuals are presented to new citizens, as well, with a letter of welcome and a small American Flag. Over nine and a half million copies of this manual have been given out since 1921. It contains The Constitution, Bill of Rights, Flag Code, explanation of national and state government and responsibilities of
